

AAMUN 2026 Court Objections List

Ambiguous

The examining council asked a vague or misleading question.

Argumentative

The examining council made a statement rather than asking a question.

Asked and Answered

The examining council repeated a question that the witness had already answered.

Badgering

The examining council intimidated the witness or behaved improperly.

Calls for a Conclusion

The examining council asked the witness to provide a conclusion rather than an observation.

Calls for Speculation

The examining council asked the witness to guess something they could not know.

Compound Question

The examining council combined multiple questions into one sentence.

Hearsay

The examining council asked the witness about something they did not directly observe.

Relevance

The examining council asked a question not related to the case.

Incompetent

The examining council asked the witness about something beyond their capacity to answer.

Lack of Foundation

The examining council asked the witness about evidence or information they were not yet familiar with.

Leading Question

The examining council asked a question that suggests the answer (only allowed in cross and re-cross examination).

Narrative

The examining council asked the witness to tell a long story instead of providing facts or events.

Non-responsive

The witness did not answer the question they were asked.

Nothing Pending

The witness spoke about something unrelated to the question they were asked.

Privilege

The examining council asked the witness a question that they are protected by law from answering.
